Mobile technology for people who do their homework.
Introducing the [ABC 1234] Notebook PC with NEW Intel® Centrino™ Mobile Technology

The more you study mobile technology, the more you appreciate the true mobility benefits of the new [ABC 1234] notebook PC featuring the Intel® Centrino™ mobile technology. This notebook is in a class by itself, delivering breakthrough mobile performance, and integrated wireless LAN connectivity, while enabling extended battery life in a thinner, sleeker notebook designs*. It features a brilliant LCD display, a swappable bay for removable storage and USB 2.0. Higher technology for higher education.

Intel, Intel Centrino and Intel logos are trademarks or registered trademarks of Intel Corporation or its subsidiaries in the United States and other countries.
*Wireless connectivity and some features may require you to purchase or download additional software, services or external hardware. Availability of public wireless LAN access points limited. System performance measured by AnandTech's 2002. System performance, battery life, wireless performance and functionality will vary depending on your specific hardware and software configurations. See http://www.intel.com/products/centrino/new_info for more information.
